

Environmental Policy

Our commitment

Creative Digital Life Limited is committed to conducting our operations with minimal impact on the environment and to the sustainable use of natural resources wherever possible.

How we will achieve it

Comply

We will comply with the Resource Management Act 1991, and any other relevant legislation.

Be Aware

All staff will be made aware of our business's impact on the environment and of ways to minimise this impact as effectively as possible.

Lead from the Top

People with responsibility will lead by example. Management will regularly review our environmental objectives and targets.

Policy reviewed annually

Take Care

We will take care in our work to ensure that we prevent pollution.

Be Proactive

We will train staff and develop competencies to identify potential impacts and implement and monitor our environmental controls.

Learn & Improve

We will accurately report environmental incidents.

We will feed improvement ideas back into our environmental procedures.

We will measure our performance against set targets to ensure we continually improve.

Manage Impacts

We will identify, assess and control environmental impacts related to our operations.

Collaboration

We will collaborate with clients and industry partners to share key learning points and to ensure our approach is as effective as possible.

Sustainability

We will actively manage water, paper and energy usage and implement efficiency measures throughout all our premises, wherever it is cost-effective to do so.
